Dear Fellow Genealogist:

I am currently doing genealogy research of my family. I would like to know if your organization would be able to assist in finding information about my great grandfather.

My records show that William Gilliland was born on November 26, 1845. In fact I show that several generations of the Gillilands were in Jackson County. Williams father Samuel Gilliland died there on July 10, 1886. Samuels wife Elizabeth May (Lyons) Gilliland died on December 31, 1926. Samuals grandfather Samual also died in Jackson County on January 25, 1852.

I hope you may have some information such as articles from local newspapers. I would like to see if this information could give me information about his family and parents. I thank you in advance for any assistance you may be able to give. I'm enclosing a self addressed/ stamped envelope for your assistance.

Sincerely,

Randy Johnson
