Dear Mdm./Sir,

I am interested in any books you might have that cover the early settlement of the county. If you have a price list or where I may obtain these books to help in genealogy searching of my relatives from the county. I am especially interested in the Rowland family line, Robert Rowland, in particular. He was a veteran of the Civil War who was born in Limerick, Jackson County, Ohio. I am interested in what regiments for the Civil War were raised in Jackson County? I would also like to have a map of the county if that is possible.

Thank you for any help you might give in this matter.

Sincerely,

Gary R. Hill
