

McKITTERICK SEEKS FIRST TERM AS COUNTY SURVEYOR

Standard-Journal, July 30, 1924

The surveyor's office has become one of the most important offices in the county from the standpoint of the tax payer.

If nominated and elected to this office, I pledge the utmost in SERVICE and ECONOMY.

It shall be my aim to build good roads at the least possible expense and in accordance with the desires of the people who have to pay for them.

I have had four years of engineering training at Ohio State University, and eight years of practical engineering and business experience, so you can judge of my qualifications for the office.

Although a resident of Jackson County for thirty one years, I have never been a candidate for public office.

MY OPPONENT IS ASKING FOR A FIFTH TERM AS SURVEYOR.

The support of the voters at the primary will be appreciated.

Respectfully,
JAMES J. McKITTERICK.
